PREFACE

The Thirty-first volume of the City Directory includes the towns of Hamilton and Wenham. Names in the towns in the Beverly district are enumerated with the same door-to-door care as the city and taken in alternate years. The net population of Beverly shows an increase as indicated by additional matter taking approximately 324 lines in the new volume in excess over the last issue and the general directory contains 51% new or changed matter as compared with the previous issue. In the street directory of Beverly and the towns a special indicator (⊙) marks property owners—a modern feature, established in 1933, also the locations of telephones are shown by an asterisk (*).

Separate Maps of Beverly, Hamilton and Wenham are included with this volume.

The publishers acknowledge their indebtedness to all who have supplied information and to the advertisers whose patronage assures the city of its annual directory service.

CROWLEY & LUNT'S CITY OF BEVERLY STREET AND HOUSE DIRECTORY 1934

Giving the location of the streets, places, parks, etc., and showing what other streets and places run from them or across them, with the point at which they intersect. †The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers. The dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no number, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; r., rear; rep., repairing; smr., summer; s. r., summer resident; var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parentheses (—).

* Indicates telephones.

† Exceptions to this rule occur occasionally.

BEVERLY CITY DIRECTORY, 1934

The impression that we are "well known" or that "everybody knows us" is a common fallacy of the mind. Experts have studied the actual facts by practical questions aimed at the public. Their finding is this: The best known business man is only one-half as well known as he thinks he is.

Do not let this fallacious reasoning take a toll from YOUR business—advertise it.

CROWLEY & LUNT'S CITY OF BEVERLY BUSINESS DIRECTORY

1934

Beverly, clean, healthful and beautifully located on the North Shore, with seven miles of the most charming views to be found on this continent, recommends itself to all classes of manufacturers and business men on account of its first-class rail and water facilities and equitable freight rates to all shipping points. Its continuous growth proves it to be the coming city of this part of the Massachusetts coast. With a valuation of nearly \$50,000,000, within its limits are scores of palatial estates, all year round, or summer villas chosen by the wealth of the nation because of the sheer beauty of this coast. The manufacturing industries comprise machinery, shoes, oil, oiled clothing, iron foundries, mattresses, planing mills, grain elevators, electric works, etc. The shoe industry, established more than a century ago, pays a large annual wage.

The United Shoe Machinery Corporation occupying one of the largest reinforced concrete factory plants in the world and employing 5,000 expert mechanics, pays a wage of over one and one-half millions per year. The Gulf Refining Company has its New England terminal here and docks its large steamships running from Port Arthur, Texas. Spur tracks of the Boston and Maine Railroad connect with all the wharves. Population of Beverly, 1934 estimated about 30,500. Eighteen miles from Boston on the Boston & Maine Railroad; Eastern Mass. Bus and Street Railway connections to all nearby points. Superior harbor. Three banks. Daily newspaper. Superior fire department. Good sewers. Super-lighted streets. First-class public schools. Good hotels and theatres. Public school playgrounds costing over \$50,000. Modern bath house at Oceanside Park.

NOTE:—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons, when extra insertions are sometimes made.

*Patrons' insertions only under headings with asterisk.

The lasting impression left by an advertisement on the reader's mind is the thing that counts.

People go into stores to purchase articles which they have seen uniquely advertised perhaps a year before. Good, lasting impressions count heavily toward success.
